**Fisto Trading Enterprise is a
100% Black Owned Company
a totally affirmable business
enterprise established 2006.**

13 YEARS IN SERVICE

Installations & Maintenance

Fisto Trading Enterprise is an enterprise that is almost entirely service orientated. As a business, we provide top of the range service delivery with respect to the following commercial services: Shuttle Services; Sound & Visuals Installation; CCTV Systems Installations; Security Systems Alarms; and Logistics (each of these are briefly described later on in this document). These sectors are particularly pertinent simply because these are the most fundamental of our services.

Our market analysis has also indicated a defect in the way in which services are carried out in most of the industries mentioned above. The truth is most of the existing companies in said industries still employ methods of old, most of which predate the Stone Age itself. What Fisto Trading Enterprise promises to do is to come up with vibrant concepts that will transform service delivery to customers without any compromises on the quality of our products and services. This will unarguably optimize service delivery and most certainly maximize customer satisfaction.

OUR TEAM

Fisto Trading Enterprise Company consist of a dedicated team to meet your needs with unique expertise.

MATSIMELA MOLOI - MANAGING DIRECTOR

A very dedicated and visionary individual in charge of the operations of the business, he's also hands on in installations and logistics of the company.

DIPUO MOLOI - ASSISTANT MANAGER

Engaging with the clients at all times and understanding exactly what the clients wants, helps a lot in maximising customer satisfaction.

Transportation & Shuttling

LOGISTIC SERVICES

Our main revenue come from corporate events, governmental. Provides three distinct transportation services: Shuttle services; Load Consolidation Services and Transportation of goods. In all three instances, a reservation is made beforehand and depending on the availability of resources.

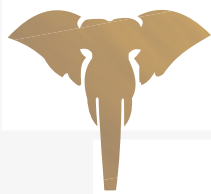

Our drivers will collect you 30 minutes prior to your reservation, and have you at the airport within the shortest possible time. Whether you work/live just out of the public transport circuit, or you are coming to Gauteng from anywhere in South Africa, Fisto Trading Enterprise will transfer you safely to or from any Gautrain station, no matter the time of day or night.

This hassle free service gives you the peace of mind not to worry about being late, not searching endlessly for parking, and not having to worry about someone stealing your car at the airport! All shuttles are air-conditioned with leather interior to ensure your comfort at all times. We can provide this for you from your door at very competitive rates.

The company's vision and mission is to become the well-known trusted organization that provides corporate, leisure and international tourist market with a total travel experience in Southern Africa.
